The 2024 U.S. Presidential Election

Introduction to the 2024 U.S. Presidential Election

The 2024 U.S. Presidential Election will be held on November 5, 2024, with candidates from multiple political parties vying to become the next President of the United States. Key issues include the economy, healthcare, climate change, and international relations. This election will shape the country's future policies and governance. Voters across the U.S. will participate, with primary events like Super Tuesday and the national conventions paving the way to Election Day.

Important Dates and Events in the Election
