Self-Made Assignment - MS WORD

Using Drop Cap, Quick Parts and Signature Line in MS Word

Dropped	In margin
<p>Creating a drop cap in Microsoft Word on a Mac can transform a plain block of text into a visually appealing document. A drop cap is essentially a large capital letter at the start of a paragraph that drops below the line of text, and it can serve as an artistic touch to professional documents, manuscripts, and personal projects.</p>	<p>Creating a drop cap in Microsoft Word on a Mac can transform a plain block of text into a visually appealing document.
