&  
Test Series

Self-Made Assignment - Control Flow Statement and Loops

Jump Statement in C Plus Plus

1. Write a C++ program to find the first number divisible by 7 between 1 and 100. Use the break statement to exit the loop once the number is found.

Expected Output:

The first number divisible by 7 is: 7

2. Write a C++ program to print numbers from 1 to 20, but skip numbers divisible by 3. Use the continue statement to skip the numbers that are divisible by 3.

Expected Output:

1 2 4 5 7 8 10 11 13 14 16 17 19 20
