Self-Made Assignment - MS Excel

Setting Font Style and Background Color to cells in MS Excel

Tasks:

- Apply Font Formatting:**
  - Set the font style of all text in the table to **Calibri**.
  - Make the column headers **bold and italic**.
  - Change the font color of the "Sales (₹)" column to **blue**.
- Apply Background Color:**
  - Set the background color of the "Category" column to **light yellow**.
  - Apply a different background color to each region:
    - North:** Light Green
    - South:** Light Blue
    - East:** Light Orange
    - West:** Light Gray
- Conditional Formatting:**
  - Highlight sales figures above ₹50,000 with a **green fill color**.
  - Highlight sales figures below ₹5,000 with a **red font color**.
- Border Formatting:**
  - Apply **borders** into the entire table.
- Alignment Adjustments:**
  - Center-align the text in the "Region" column.
  - Right-align the numbers in the "Sales (₹)" column.
