Self-Made Assignment - MS Paint

User Interface and Navigation in Paint

Assignment

Draw the given Social Media icons using Shapes and Colors in MS Paint:

Follow these steps to make your own logo in MS Paint:

1. Open MS Paint.
2. Resize the canvas to a small size (example: 400 x 400 pixels).
3. Use Shapes Tool
4. Choose at least one shape (like a circle or rectangle) for the base of your logo.
5. Add Text
6. Use the Text Tool to type your brand name or initials inside or near the shape.
7. Add Color
8. Use the Fill Tool to add color to your shape or background.
9. Use Brush or Pencil Tool
10. Decorate your logo with simple lines or designs.
11. Save Your Work
12. Save the file with the name: MyLogo.png
