Self-Made Assignment - C Language

Do While Loop in C Language

Assignment: Print All Even Numbers up to N

Objective:

Write a C program that takes a positive integer N from the user and prints all even numbers from 2 up to N using a `do...while` loop.

Instructions:

1. Prompt the user to enter a positive integer N .
2. Use a `do...while` loop to print all even numbers starting from 2 up to N .
3. If N is less than 2, the program should print nothing.
4. Each even number should be printed on a new line.

Output:

```
Output
Enter a positive integer: 10
2
4
6
8
10
```
