Self-Made Assignment - MS Word

Comment and Word Count In MS Word

 CBSE

Write the given paragraph with the title “A Day at the Science Fair”. Add comments given below to the selected part.

Last month, our school organized a science fair that turned out to be one of the most exciting events of the year. My team and I worked for two weeks to build a model of a working wind turbine.

 ICSE

We displayed it proudly on our table with charts and diagrams showing how wind energy is converted into electricity. Visitors seemed impressed, especially when the fan we connected to the turbine spun using the generated energy.

 NTSE

One of the judges even asked if we had considered entering a district-level competition.

It was inspiring to see so many creative projects, from solar-powered ovens to water filtration systems.

 Banking & Insurance

The fair taught me the value of teamwork, preparation, and presenting ideas with confidence.

 Central Govt. Service

- ❖ Comment: Could you explain how the turbine worked or what materials you used.
- ❖ Comment: Try describing a specific reaction from a visitor—what did they say or do.
- ❖ Comment: Did you decide to participate? Add a sentence about that.
