Self Made Assignment - DHTML

Z- Index in CSS

Ques: 1 Write a CSS program to Create two boxes that overlap. The red box should appear on top.

Instruction (step by step)

- Create two boxes.
- Use position: absolute.
- Give higher z-index to red box.

Ques: 2 Write a CSS program to Show a red notification badge on top of an icon.

Instruction (step by step)

- Add an icon box.
- Add a small red badge.
- Use z-index to bring badge forward.
